Weight, size, or power requirements can sometimes make it impractical to ship a device to a PI test lab for PROFINET or PROFIBUS certification. In these cases, the test lab may work with the customer to test the device at a location outside the test lab.

To arrange for this service, a customer must submit an On-Site Test Declaration, as described by [1]. An example Declaration that meets the requirements of [1] is attached.

PROFINET On-Site Test Declaration

COMPANY REPRESENTATIVE
COMPANY NAME
COMPANY ADDRESS

DATE

The PROFI Interface Center
1 Internet Plaza
Johnson City, TN 37604 U.S.A.

To whom it may concern:

We declare that our device submitted for Certification, DEVICE NAME, meets one or more of the following criteria and is eligible for an on-site PROFINET or PROFIBUS Certification Test.

Eligibility Criteria (please check all that apply):

☐ Device or any device part exceeds the maximum transport size of parcel 1800 x 1500 x 700 mm
☐ Total transport weight of the device is higher than 300kg
☐ Device utilizes or is technically possible to adapt it to utilize input power higher than 32A, 400V AC, 50Hz, or corresponding values for countries outside Europe

For these reasons, we propose that the testing should be conducted at the following location:

<table>
<thead>
<tr>
<th>Company Address</th>
<th>OR</th>
<th>Alternate Address</th>
</tr>
</thead>
<tbody>
<tr>
<td>✗</td>
<td></td>
<td>Address 1</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Address 2</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Street</td>
</tr>
<tr>
<td></td>
<td></td>
<td>City, State, Zip</td>
</tr>
</tbody>
</table>

With Best Regards,

X

Party Responsible for Certification
